

HEAL: 6 Keys to Connection

A 3-DAY EQUINE EXPERIENTIAL WORKSHOP

For personal or professional growth and learning

Friday August 18th – Sunday August 20th, 2017 Redmond, WA

Facilitated by: Sandy Matts, MA, HEAL Certified
with Kimbrough Charbonneau, MA

This workshop is for anyone interested in equine-facilitated psychotherapy and learning (EFPL), for personal and/or professional benefit, including horse owners wanting to deepen their understanding of the horse-human bond.

The HEAL Model™ is experiential learning, based on scientifically validated principles from the fields of neuroscience and psychology (human and animal). Through ground-level activities, six core skills for enhancing self-awareness and interpersonal wellbeing will be explored. We will begin each day with class-based learning, followed by activities with the horses that engage each “Key to Relationship”. We will conclude each day with time for shared experiences and reflections.

HEAL’s Six Keys:

1. Body or feeling-centered awareness
2. Boundaries – Trust and respect.
3. Divided Self – Taming that “inner critic.”
4. Yin and Yang – Sensitivity & action
5. New Pathways – Beyond Dominance
6. The Social Brain – Putting relationship ahead of performance.

“Equine-Facilitated activities serve as a living relationship laboratory, helping us learn about ourselves.” -Leigh Shambo,

Founder of Human-Equine Alliance for Learning (HEAL)

This workshop fulfills the prerequisite for the 5-month HEAL Facilitator Training Program.
